

Kemppi

The **FastMig™ Basic** range of products offers pure welding power for basic MIG/MAG welding in heavy and medium heavy industry.

The selection of three power sources, two wire feeders and other product options allows creating suitable welding equipment combinations for various needs.

With its durable and lightweight construction FastMig™ Basic makes an ideal companion for demanding welding conditions, and its stepless control and digital display put ease of use and the joy of welding within the reach of every workshop.

IN BRIEF

- Precise weld quality and arc ignition
- 200 or 170 A of MIG/MAG welding power from a 16 A supply
- Choose either Automatic or Manual model
- Use with Fe, Fe FCW, Ss, Al, CuSi filler wires, 1 kg and 5 kg spools
